## Break Averted Band Gets Uniforms.

President May Accept Kaiser's Assurance and Await Outcome.

Washington, May, 6.—The probability that a diplomatic break with Germany has been averted, at least temporarily, was strengthened today when the official text of the German note, laid before President Wilson and Secretary Lansing, was found to be almost identical with the unofficial version published yesterday.

Officials had indicated that should the official text bear out the unofficial version, they thought it improbable diplomatic relations would have to be severed, unless further attacks upon merchant ships violated the new pledges.

Disappointment has been indicated, however, over certain features of the German reply and some high officials believe that it at least cannot be accepted unconditionally.

Opinion as to whether the note requires an answer seems divided. Decisions rests with the president, who so far has not indicated to any one his final judgment in the matter. It is entirely possible that no reply will be sent, for the present at least, and that the President will maintain complete silence for a time, awaiting Germany to demonstrate the good faith of her intention to carry out the policy indicated in her new orders to submarine commanders.

Although the president realizes that the promises given are the cardinal elements of the note, he is understood to be displeased over the language used and the conditions apparently attached.

Should the note be accepted as satisfactory and reply sent it is expected to take the form of a notification to Germany that the United States has decided not to sever diplomatic relations as long as the new submarine orders remain effective and are observed.

Secretary Lansing left tonight to spend the week end at Annapolis, taking with him an official copy of the German note. He expects to have fully digested its statements by the time of his return Monday.

Persons close to affairs at the White House, today described President Wilson as feeling he could not question Germany's good faith unless the declarations made by the German government should not prove effective.

Count von Bernstorff, the German ambassador, returned to Washington today from New York. He said he did not intend to go to the State Department unless he should be so instructed by Berlin or Secretary Lansing should invite him to call. Officials would not be surprised, however, if the ambassador should be instructed to call upon Secretary Lansing next week.

The official text of the German note was made public today by the State Department. Ambassador Gerard, in transmitting the document said he had received copies in both German and English, probably accounting for the fact that the official and the unofficial versions are so nearly identical.

### Mrs. H. A. Morrison Hostess.

Mrs. Henry Morrison was the lovely hostess of an enjoyable party at her home on Poplar Hill last Thursday evening at eight o'clock, complimentary to the teachers in the Public School in the Gap.

The evening was spent in playing Progressive Rook at two tables and Bridge at the third table. Miss Olga Horton made highest score in Rook and Miss Mary Lou White in Bridge and won the prizes, two handembroidered linen handkerchiefs, after which delicious sandwiches and coffee, followed by ice cream and cakes, were served at the tables to the guests.

Those who were present were: Mrs. Sadie Lanham, Misses Retta Thompson, Ruby Kemper, Claribel Lockett, Mary Lou White, Flora Bruce, Margarette Waller, Nemo Vineyard, Olga Horton and Janet Bailey.

The Big Stone Gap Band received their new uniforms last Friday which were worn for the first time at the concert given at the base ball park Sunday afternoon. They are solid white with a cream colored stripe, while the caps have a few gold braid decorations which makes a very attractive appearance. An unusually large crowd was out and were entertained for more than an hour with a selection of several musical numbers. Director Witt is receiving the highest praise for his wonderful success in organizing this band, which is now considered among the best musical organizations in Southwest Virginia.

After the concert the band went to the home of Paul Jesse, where he has been quite sick for the past several days, and several pieces were played on the lawn in front of his room.

## Field Day.

Field Day for the Wise County High School Athletic Association will be held in Big Stone Gap on next Saturday, May 13.

Three pennants will be given, one each for the following: Baseball for the boys, volleyball for the girls, and general field events. These pennants will be given to the contestants making the highest percentage throughout the series.

The general field events will consist of the following: 100 yard dash; 200 yard dash; 500 yard relay race, for three boys, one half mile run; running broad jump; running high jump; throwing twelve pound hammer; putting twelve pound shot; hurdle race, six hurdles distributed equally over 100 yards. Points will be counted on the basis of 5-3-1. In addition to these there will be base ball throwing for both girls and boys, points to be counted on the basis of 2-1.

### APPALACHIA WINS BASE BALL PENNANT.

By Defeating Big Stone Gap Are Declared Champions of Wise County.

In the final game of the Interscholastic League of Wise County, Appalachia badly defeated Big Stone Gap here Saturday afternoon by a score of 12 to 1, thereby winning the base ball pennant, having won all games played. The defeat was a severe one and in fact it was a surprise, as a close game was expected by everybody. The home team had borne the reputation of having the fastest fielding team in the league, but in this particular game they fell down completely, misjudging several fly balls which went for extra bases. However, this was not due to their defeat, as Appalachia's pitcher, Cress, hurled a masterly game, being extremely effective in pinches. Big Stone Gap filled the bases with runners several times in the early part of the game, but were unable to score only one time. The bases were still full and two out in the second inning after making this score, the next batter had three balls and no strikes and Cress punched him. Cress featured also with a home run to center field in the ninth with a man on base. The ball went straight for the center fielder, but was misjudged and it rolled far into deep center. Brown, Wakin and Polly secured extra base hits, which figured heavily in the scoring. Although there were about twelve errors piled up by the home team, Carnes and Fleenor featured at second and third bases by their fast fielding, accepting several difficult chances.

The Norton girls won the volleyball pennant, defeating their opponents in every game.

Finals: 1 2 3 4 5 6 7 8 9 R H

## Prevent Flies Breeding. Committees Appointed.

A safe and effective weapon against the typhoid or house fly has been found in powdered hellebore by scientists of the Department of Agriculture.

Flies lay their eggs chiefly in stable manure. Powdered hellebore mixed with water and sprinkled over the manure, will destroy the larvae which are hatched from the egg. Since powdered hellebore is readily obtainable, this puts in the hands of everyone a remedy for one of the pests that has been found dangerous as well as troublesome. Hellebore, however, will not kill adult flies, which must be swatted or trapped.

It has long been known that flies breed in manure but previous methods of destroying the larvae there by the use of strong chemicals have been open to the objection that the treatment under some conditions lessened the fertilizing value of the manure or actually injured vegetation. This is not true of powdered hellebore. Government experiment have shown that the hellebore is entirely decomposed in the course of the fermentation of the manure and that even in excessive quantities it does no harm except to the larvae it is intended to destroy. Chickens picking in manure treated with it suffer no ill effects.

One half pound of powdered hellebore mixed with 10 gallons of water is sufficient to kill the larvae in 8 bushels, or 10 cubic feet, of manure. The mixture should be sprinkled carefully over the pile, special attention being paid to the outer edges. In most places hellebore is obtainable in 100 pound lots at a cost of 11 cents a pound. This makes the cost of the treatment a little less than seven-tenths of a cent per bushel of manure. A liberal estimate of the output of manure is two bushels a day per horse. The money involved is, therefore, trifling in comparison with the benefit to the individual and the community from the practical elimination of the disease-spreading fly.

Although fresh manure is the favorite breeding spots, flies lay their eggs in other places as well, such as outhouses, refuse piles, etc. In these places, from which no manure is taken to spread on the fields, considerable saving may be effected through the substitution of borax for powdered hellebore. Applied at the rate of 0.62 pounds per bushels of manure, borax is as effective as hellebore in killing the larvae but costs less than half a cent for each bushel of manure treated. In larger quantities, however, or when the manure itself is spread at a greater rate than 15 tons to the acre, some damage to crops may result. Large quantities of manure are often used by market gardeners and others, and there is always danger of carelessness in applying the borax. The use of the more expensive but safer hellebore is therefore recommended for the treatment of manure. Borax is recommended for all other refuse in which flies may lay eggs.
